Honey-Lemonade Pops

Serves 4

What should you do when life gives you lemons? Make honey-lemonade pops, of course! These icy pops come together quickly, and are such a great refreshing treat on a hot day. We liked how these pops are both tart and sweet at the same time. If you like things on the sweeter side, try a sip of the mixture before freezing, and add a bit more honey, if you wish.

Ingredients:

1/2 cup honey

4 cups water

1 cup fresh squeezed lemon juice

Directions:

- 1. In a small saucepan, heat the water and honey, and stir for about one minute until the honey dissolves.
- 2. Remove from the heat, and stir in the fresh lemon juice.
- 3. Add a slice of lemon to each popsicle mold, then pour in the honey-lemonade mixture. Add a popsicle stick and freeze until solidified into the best icy pops ever!
