## **Açai Smoothie Bowls**

Serves 2

Smoothie bowls are a fun, colorful, and a healthy option for breakfast! We love this easy recipe featuring vibrant acaí (ah-sigh-EE) berries. Simply blend all of the ingredients together until smooth. Have fun placing delicious garnishes on top in a beautiful way. Breakfast is served!

## Ingredients:

## Garnishes:

fresh banana slices blueberries shaved coconut chia seeds

## **Directions:**

- 1. BLEND the frozen açaí berry packets with the banana, blueberries, spinach leaves, ground flax seed, and oat milk until smooth. Use the blender tamper when blending to help move the ingredients around.
- 2. POUR the smoothie into two bowls and top with an array of garnishes. We chose to garnish ours with banana slices, blueberries, shaved coconut, and chia seeds. Get creative with garnishes and arrange your choice of toppings with care for an artful and delicious experience!
- 3. Enjoy!
